Example of SitePal Lead Generator Solution

SitePal Has Added New Solutions For Your Website!

SitePal recently released exciting interactive solutions enhancing its ability to make your website more efficient! These new solutions called Functional Player Skins, allow you to easily configure your SitePal character to interact with your visitors collecting leads, answering FAQ's, and having an intelligent chat that stimulates user activity. Why not add a smart virtual employee to your website now?

- **Lead Generator Solution:** Have your SitePal speaking character collect information such as phone numbers and emails addresses from site visitors. [See Example](#)
- **FAQ(Frequently Asked Questions)Solution:** Simply input your questions and set the corresponding audio answers. [See Example](#)
- **Intelligent Chat Solution:** Make your SitePal character have an intelligent chat with your visitors on topics you pre-defined. [See Example](#)

MarketWire: New Avatar Technology Enables Affordable Lead Generation Solution for Small Businesses

"SitePal, a product that allows small business owners to create talking avatars for any web site, has introduced new features that include an innovative solution for online lead generation and customer conversion.

By implementing one of SitePal's low-cost virtual salespeople, small business owners can now collect and store contact information from potential customers so that a real salesperson can follow-up and close sales. "
